Proposed little missive to the: "POWERS THAT BE" ( or want to continues TO BE !! )

The Diversity, Equity and Inclusion Committee will hold an in-person meeting at City Hall (West Conference Room).

In reading through this eight ( 8 ) pages of "information" about all the folks involved ( City Employees, Volunteers ( ? ), outside consultants, Businesses ) time and energy and expenses to participate, it occurs:

Have all the powers that be ever thought of producing an ongoing accounting of expenses, both past, present and budgeted future ?

This seems a reasonable budget and ongoing expenses information for all the various tax paying entities in our wonderful ( before this fiasco ) citizens, property owners ( property tax based costs ) and enterprising businesses that strive to make and continue and plan ahead for their futures.

Has there ever been, or intended to; account for, what if any " positive impacts " all these past, present and future efforts have proven?

Anonymous , concerned 75 years ( + / - ) resident, property owner and heavy taxes payer..
